 <From Childcare Kizuna Mail>
 <To You Today>

[Cuddling and Talking to the Baby] As your baby's back and neck become stronger, it will be easier to hold them upright to cuddle them. If your baby enjoys being held that way, show them a lot of things, like the outdoor scenery.

Babies are very curious about the outside world. You can tell them things like, "Look, there are clouds in the sky," or "Those leaves are so pretty."

<From Bunkyo City> Have you completed the Hello Baby Visit? A midwife or public health nurse will visit to discuss the baby's health, childcare, and concerns or worries about the mother's physical and mental well-being after childbirth. It's free.
